

GLEANINGS FROM THE GLADES

By Paul Rardin

FOOT BALL! That's the subject we all interested in this week. With Hobson's Blue Devils losing their first game last night and putting to a win tonight over the scrappy Tavares eleven—folks in the Lake Region are foaming with this week.

The trip to Lawrenceburg was not in vain. The team lost by a score of 19 to 0. But that didn't tell the story. Lawrenceburg fans say that discounting the two lucky breaks their boys got, the score should have been 9 to 0. I would not know. All of my information has come from those who saw the game. The game proved to Coach Hobson that he has the makings of a pretty good foot ball coach again this year.

From all accounts the folks in Lawrenceburg must have treated our boys well. Residents of that Tennessee town took our boys in their homes and performed a lot of entertainment for them. Those folks did everything in their power to make our boys feel at home. I'm hoping on December 22—when Lawrenceburg comes here—we can treat them just as nicely.

Frank Hobson, coach, and Raymond Cagni, assistant, spoke before the Pahokee Rotary club yesterday, the outcome of which was this season. Hobson introduced Cagni who spoke briefly but directly to the point. He assured Hobson of Pahokee's future. Hobson said that he was sure that all games scheduled remains to be seen. He didn't promise that.

Hobson spoke after Cagni. It isn't hard to see why the Blue Devils love and respect their coach. He's honest. He's sincere. He won't make a lot of flowery words about his team. He'll tell you one thing that he will promise and that is this—his boys will win in the fighting during the four periods of any game. What more could foot ball fans expect?

In the course of his remarks Hobson said he believed this was the pre-season training camp was the best yet. They had done in the short space of time than in the past year. He said also that he'd be satisfied if his boys played the excellent brand of foot ball which was granted payment immediately. Another bill for \$73.30 on the part of the team was also paid to Franz for his work this week.

Next on the docket came a matter of vital importance to both teams and police. The police suggested that another phone be extended to the outside of the building. The police suggested that another phone be extended to the outside of the building. The police suggested that another phone be extended to the outside of the building.

V. C. Denton, a member of the Athletic Club, told of many interesting sightings of the trip to the Tennessee town. He spoke in detail the expenses of the trip. And, told about housing all the boys in comfortable surroundings in Denton's home. The first night out for an average of 68 cents. That was what I'd call cutting corners. He explained that it was a special rate arranged through Otis Vinson, a resident of Denton and a brother of Mrs. Reid Clifton.

Mr. Denton told of the trip the boys enjoyed to Miami Shores and another trip to Lookout Mountain. He told the boys to make the trip to the mountains. He said that the trip would never be a mountain. The trip proved educational as well as entertaining.

From the letter published elsewhere in this issue the boys must have been comforted, therefore, a gentlemen just as they always do. A letter I'm reproducing is from the Legion Post in Lawrenceburg. Youth enjoy reading it. It speaks very highly of the excellent behavior and sportsmanship displayed by the Hobsons.

Finish Office For Arundel Corporation

Workmen this week completed the new office for the Arundel Corporation on the north bank of the West Palm Beach canal in Canal Point. It is an occupied space by officials of the corporation who will be in charge of levee construction work. It is thought that the Arundel work, a speculation work will put around 100 men to work in this area.

Local Merchants Seek Council's Aid in Banning Seasonal "Fly-B-Nights"

Group Tells Council That Home Merchants Who Stick Year Around Through Thick and Thin Should Be Protected.

The old story of what to do with the "fly by night shopkeepers" was put before the Town Commission at its regular meeting Wednesday night.

Belle Glade merchants came to the meeting as one body. Lou Betzner took the floor as spokesman for the merchants and laid the cards on the table. He said that a fly by night merchant that every effort must be made to protect the local merchant from the grasping, money-mad seasonal parasites who hang up their hats for a few months during the season, only to close up when it's over and leaving with bulging pockets, depleting the local merchant a poor and indebted man who has to cling through the winter months on nothing less than a straw.

"The Commissioners took up the fight and will dig deeper into the matter concerning the possibilities of such a measure and bring forth a bill for solution at the next meeting on Wednesday, Oct. 4th.

However, there remains some doubt as to the plausibility of such a law being enacted by the city government. The State has a law covering itinerant cases, but some protection, but this is not considered strong enough by the Commission board. They will delve into the laws of the City Charter for some solution and attempt to bring forth a measure which will be upheld by the courts.

The meeting started at 8:00 p.m. with the Clerk reading last week's minutes. Upon their completion Chairman Bradley announced the absence of Commissioner Hamilton who was being detained in Ft. Lauderdale by a called long distance to report his absence.

Bradley then proceeded with the matter of old bills now payable. A bill for \$309.93 which was owed by Hamilton during the week of October 1st was also paid to Franz for his work this week.

Next on the docket came a matter of vital importance to both teams and police. The police suggested that another phone be extended to the outside of the building. The police suggested that another phone be extended to the outside of the building. The police suggested that another phone be extended to the outside of the building.

A red light sign, such as is now in use in other towns of this area, was suggested. The plan to install red lights which would act as signals in various locations in town, in Denton's home. The first night out for an average of 68 cents. That was what I'd call cutting corners. He explained that it was a special rate arranged through Otis Vinson, a resident of Denton and a brother of Mrs. Reid Clifton.

It is thought that the Arundel work, a speculation work will put around 100 men to work in this area.

Glades Chevrolet Company Under New Ownership

G. W. Hamilton Retired From Business On Saturday, Sept. 16

Announcement was made this week of a change in ownership of the Glades Chevrolet company in Belle Glade. The concern was formerly operated by G. W. Crews and G. W. Hamilton since they bought out the agency from Riedel Brothers a few years ago. Under the new set-up Mr. Hamilton retired from the business on Saturday, September 16. He has not announced his future plans.

Owners of the new company are Mr. Crews, "Vic" Riedel and Eddie Schoppel. Mr. Riedel, has been in the business for some time as a salesman and will continue in that capacity when not devoting his time to other duties. The service department will be under the supervision of Eddie Schoppel, who has had 12 years factory trained Chevrolet experience. All three of the gentlemen connected with the agency are well and favorably known in the Lake Region.

Commenting on the change in ownership, Mr. Crews pointed out that under the new setup, with Mr. Schoppel in charge of the service department, the concern is better equipped to ever to render outstanding Chevrolet service, chased for the service department. Some new equipment is being purchased making one of the outstanding service departments on the lake.

Enthusiastic over the outlook for sale of the new 1940 models which are being sold by the firm, Mr. Crews said that the "Royal Clipper" styling of the 1940 models is sure to prove popular with the motorists. The new Chevrolet coupe officials believe.

Organize Units To Study Life Needs Of Florida Youth

State Superintendent Outlines Plan To State Schools

Tallahassee, Sept. 25.—State Superintendent Colin English to school principals and principals. Specialization of teachers and public school leaders into organized units for a study of the life needs of Florida youth.

The statewide organization of educational forces is in preparation for the coming year. The school pupils, parents, and teachers to determine for themselves the full responsibilities of each school in the democratic life of our community.

The current issue of the Florida School Bulletin will carry to about 1400 state-accredited schools suggested procedures for organization of local study groups by superintendents and principals. Special bulletins prepared by leaders in the movement will be provided by the state to each group which will organize for curriculum study.

"Each school group will be expected to study the problem in its own way, but we will be working in an organized manner toward a common goal," English said.

\$5000 Fertilizer Plant Is Going Up

L. Nash, president of the Agricultural Insecticide Company, Inc. has drawn up plans for the new building which will be located at S. E. Avenue B and 1st Street, in Belle Glade. The contractors, Peter Muller & Son, have started work on the pilings and necessary ground work.

The building will be 40x100 feet, containing an office in the front, 40 x 18 feet, and a mixing room in the rear, 40 x 84 feet, with the necessary sanitary arrangements. It will be a frame building on concrete pilings with an 18 inch flat roof. Work on the building is estimated to take 10 weeks.

Sugar Co. Has A Profitable Year Says The Report

Annual Financial Report Shows New Records By Company

Clewiston, Sept. 28.—Both production and profits show enough advance during the 1938-39 season of the United States Sugar Corporation to set a new record for the company, according to figures from the firm's eighth annual financial report.

The report showed net earnings of 50 cents per share on common stock, and returns of \$108.64 per share on preferred stock during the fiscal year ending June 30, 1939. Comparative figures for the preceding year showed common stock returns per share of 38 cents, and preferred stock at \$84.55.

During the company's 174-day operating season, 85,663 tons of 96-degree sugar were produced from 805,455 tons of sugar cane. The average yield in raw sugar was 4.11 tons per acre from an average of 38,550 tons of cane per acre.

Current assets of the company are listed at \$2,267,169 and the liabilities were set at \$845,385. The company holds title to 36,390 acres of land, has 3,243 acres under lease, and holds options on 83,198.

Camp Work Starts With Full Crew

The negro migratory labor camp at Vinson, Bend which was started three weeks ago with the completion of the water line which follows the south side of the highway for a mile and a half to the camp site, has been going full blast for the past few days.

Approximately 30 negro laborers are at work drilling holes for pilings and using large water pumps to drain out the water from these holes which vary from 5 to 9 feet in depth to the rock bottom. Also, one-quarter of the camp is cleared for the pilings that have yet to be set. There are approximately 70 men at work on this project.

The steel workers have begun work on six steel forms which will be the molds for the concrete poured flooring. The floors of each house built will be cement reinforced and supported from the corner pilings to the concrete floor joists.

These first six houses will be ready in a few days for the concrete mixer and baring unforeseen trouble, will be ready for the structural steel workers who will drive the steel forms will be removed.

The entire project should be completed on schedule in 7 months.

TWO RESIGNATIONS FROM PAHOKEE ROTARY CLUB

Blue Devils Ready For Tavares Tonight On Lair Field, 8:15

Hobson's Outfit Steamed Up For Lake County Aggregation

The scrappy foot ball aggregation representing the county seat of Lake County—Tavares—comes to Belle Glade for a battle tonight on Lair Field. The game will be the second of the season for the Blue Devils, having lost Friday night to Lawrenceburg, Tenn., by a score of 19 to 0.

Little is known in this section about Tavares team except that it is a fighting outfit and boasts only a handful of heavy men. Most of the players are first and second year men but have a pretty fair record behind them. Coach John Davis promises Coach Hobson that his men will put up a good scrap.

Hobson's men have shown up sluggish this week after the long trip to Tennessee last week. Practice periods this week have found most of the boys on the field and some laid up with injuries. Krumm's ankle gave him no trouble last Friday night and it looks like he will be able to play the entire season. Jacobson pulled a muscle in his leg on camp but will soon be back in his stride.

Hobson's starting lineup tonight is as follows: Left End—Pete Bardin; Left Guard—Walker Pears; Left Tackle—Roy Kautz; Left Half—Walter Denton; Right Tackle—Dan Bardsley; Right Guard—Bill Allard; Right Half—B. Spomer; Quarterback—Belyu; Fullback—Walter Denton; Punt—Froese; Kick—Cowan.

Officials for the game will be Paul Smith, Chairman of Congress; Jimmie Unwin, head linesman; Horace Jude, Cobb of West Palm Beach. Kick-off at 8:15 on Lair field.

Andrews Giving His Thought To Job; To Campaign Later

Senator Is Not Seeking Akerman's Job He Announces

Orlando, Sept. 28 (FNS)—"I am not and never have been a candidate for the United States District Judgeship," stated Senator Charles O. Andrews before leaving for his home in Florida, today, to consider neutrality legislation.

The senator said that he was confident that he would succeed himself as senator from Florida. "I have no announcement or statement to make," he continued, "with regard to my choice or recommendation for the vacancy created by the resignation of Judge Alexander Akerman."

The senator stated that he was confident that he would succeed himself as senator from Florida. "I have no announcement or statement to make," he continued, "with regard to my choice or recommendation for the vacancy created by the resignation of Judge Alexander Akerman."

Plenty Of Seats In Grand Stand Are Not Reserved For Games

There are plenty of seats outside the reserved seat section in the grand stand on the fair field. It was announced yesterday that the fair officials, V. C. Denton, said that more than 450 excellent seats in the grand stand are available for those who do not buy reserved seats.

Belle Glade To Have Inter-City Rote Meet

Rotarians from Pahokee and West Palm Beach will meet with the Belle Glade club on Friday, November 30, in an inter-city meeting according to an announcement made yesterday.

The Pahokee club will hold no meeting on Thursday, November 2, President W. C. Young, announced.

Much Construction In Glades Is Under Way At This Time

Levee Work And Migratory Camps Employ Many Laborers

The end of September finds much construction work under way in Lake Glades farming region. Nearly 2½ million dollars in work is under way or scheduled to be started in the immediate future.

The meeting of the improvement of this area is the reversion of the government levee around Lake Oklawaha, the levee which from Port Mayaca to Bacom Point. An original allotment of about \$1,000,000 for this work has been increased to allow for completing the project.

Next in line are the migratory workers camps near Belle Glade. These camps will cost the Farm Services Administration nearly \$1,000,000 by the time everything is finished. Workers are being laid off from the camps laying off streets and preparing foundations for the new buildings.

Work on the state farmers market in Pahokee is progressing satisfactorily and to this section has been allotted \$112,000 in state and federal funds. The plant is being built on the road which leads from the light plant to Stuckey's railroad crossing.

Construction of the new \$40,000 levee in Belle Glade, the reconstruction of Road 25 between Belle Glade and Twenty Mile Bend and other construction jobs all go to push the total up.

Mike Opens New Grocery & Market

Every modern convenience with popular brands can now be bought at Mike's new grocery and market at his new store on Avenue A, next door to the old location. The store is much larger, and has the conveniences of rapid service and a chance to cool off.

Glades Farmers Will Operate On About 6,000 Acres Martin County This Season

"Thousands of Martin county acres will be tilled during the coming season by Glades muck farmers. Those farmers on the muck and also on the sand aren't pulling all of their eggs in one basket. A story in the Stuart News giving a resume of farming activities in that area is reprinted below in the Glades section.

The greatest farming season Martin county has ever seen, with almost 6,000 acres going into cultivation, is now under way, with an anticipated 300 per cent increase over last year. "This is the best of all deals," said Louie Weiman, "pioneer farm developer" in the Cape Slogh section, who blazed the path from the mucklands of the Glades to the sandlands of the Glades in less than two years ago. Credited with the revival of farming interest in the county, Weiman sees a great future for this section, is optimistic in general conclusions. The muck has been every indication of being ahead of last year," he stated. "There has been drought in the Cape Slogh section. There is no question but what we can produce the finest winter produce in the county this year. It is bad road conditions which bruise the produce en route to the packing house. When the going is good, this season is just a drop in the bucket to what we can expect to produce next year. That will really open up the farming country."

Weiman's packing house at Stuart is now responding to the season, with the first movement

Belle Glade Junior High Makes Plans For Athletic Group

Membership Charge Will Be Made To Buy Equipment

The Belle Glade Junior High School student body met in the school auditorium to witness, and take part in, the organization of a new association, which will be known as the Athletic Association. This new membership club is for the encouragement of student activities and to arouse school spirit in athletics.

Membership Charge Will Be Made To Buy Equipment

Membership fees for one semester ending at Christmas time will be 25 cents. The membership card has to be renewed each semester with the payment of 25 cents. Students who carry a membership card are entitled to special privileges and will be allowed to attend all games sponsored by the school free of charge. Cards can be obtained from Club President.

At present the organization has 125 registered students. The plan of 25 cents per pupil would drop \$31.25 from the school treasury, which would make possible new equipment and changes in the old equipment, thus enabling the student body as a whole to enjoy more games and play under improved conditions.

The newly elected officers of the Athletic Association are W. S. Cunningham, president; Norma Hatcher, vice president; Eugene Hatcher, secretary; and Coach Thompson, school athletic director, as treasurer.

Work on the state farmers market in Pahokee is progressing satisfactorily and to this section has been allotted \$112,000 in state and federal funds. The plant is being built on the road which leads from the light plant to Stuckey's railroad crossing.

COE, SENATORIAL CANDIDATE, BRANDS STATE LEGISLATORS AS NIT-WITS AND THIRD RATE THINKERS

Charles Francis Coe, of Palm Beach, anti-New Deal candidate for Senator Charles O. Andrews' seat in the senate, evidently doesn't have such a high regard for those gentlemen who go to make up state legislatures. In the Belle Glade Rotary club in the course of his remarks on state and national politics he said: "Of all the political nitwits in America, the voters sifted out the third-rate thinkers and parked them in the state legislatures."

There is a possibility that Mr. Coe had no idea when he made the remark, that he might have to call on these "nitwits and third-rate thinkers" for a little help, aid and assistance in their respective counties during the course of his campaign for the senate. Nitwit or no nitwit each fellow who serves his county in the state legislature must have a number of friends back home or he would never have reached the capitol halls in Tallahassee as a lawmaker.

"We give the voters of the state of Florida credit for doing a pretty good job in selecting men to serve in our state legislature. We believe that voters and taxpayers are of average intelligence and can't convince themselves that they are picking only "nitwits" and "third-rate thinkers."

The gangster story author will learn a lot about politics. In the course of a few months (if he remains in the senatorial race) he will learn that these same voters who know no more than to elect "nitwits" and "third-rate thinkers" are smarter than they seem to be.

MIAMI WRITER SUGGESTS COE START LOOKING FOR ANSWERS

Ellis Hollums, executive editor of The Miami Herald, who conducts a daily column on the editorial page of that newspaper, dips into political potholes on every now and then. One day recently the Miami editor wrote the following note which may prove of interest to voters in Florida:

"Memo to Charles Francis Coe: Your political opponents are going to ask you to reconcile your opening campaign speech (reference to your status as a Democrat) with the fact that from 1932 to 1937 Who's Who in America listed you as a Republican and the new issue makes no mention of your present political party affiliation. Maybe you'd better be digging up the answers, fellah!"

"INCONSEQUENTIAL" IS TERM USED BY HERALD WRITER TO DESCRIBE COE'S CANDIDACY

The Miami Herald's political writer in last Sunday's issue dismisses the senatorial candidacy of Charles Francis Coe of Palm Beach as inconsequential. The Herald writer says: "It is generally agreed now among the political fraternity that Senator Charles O. Andrews of Orlando is certain to be re-elected. The challenge of Charles Francis Coe of Palm Beach, noted writer and anti-New Dealer, is dismissed as inconsequential, because he is not considered familiar enough with the backwoods."

A WORD OF PRAISE FOR JUDGE CHILLINGWORTH FOR THE MANNER IN WHICH HE HANDLES COURT

Palm Beach county is indeed fortunate in having Judge C. E. Chillingworth on the circuit court bench. Fair and impartial, and clothed in dignity, Judge Chillingworth's manner of court conduct could profitably be followed by other judges throughout the country.

His announcement a day or two before the Ashwell trial concerning photographers, radio broadcasters and telegraph operators being banned from the court room met with hearty approval. This move on the part of the judge was in line with the manner in which he has conducted his court for the many years he has served. Orderly process of justice was assured by the announcement.

BOYS AND GIRLS MUST CO-OPERATE WITH OLDER FOLKS TO PREVENT ACCIDENTS

We have recently cautioned motorists through our pages of the danger of accidents, now that schools all around Lake

Okeechobee have opened. The majority of drivers will give their assistance to curbing this danger. Will the children who are attending schools heed the plea of parent, teacher, merchant, preacher, neighbor and editor, to use caution while crossing the street, watch for traffic by looking both ways? The fact that many schools have safety instruction and student traffic patrols, helps to decrease the danger. But children will be children and the lesson to be learned regarding darting between parked cars, chasing a ball or a playmate across the street may come too late.

LAWRENCEBURG HAS TWO THINGS WE KNOW ABOUT—A FOOT BALL TEAM AND ROYAL HOSPITALITY

Couch Frank Holson and his Blue Devil pickup toters came out on the little end of a 1940 score in Lawrenceburg, Tennessee, last Friday night. But, the sting of defeat was lessened a great deal by the friendly manner in which that town received Holson, his men and the fans who accompanied the team. We have made an effort to interview those who accompanied the team and each has only the highest praise for the Tennessee town that took the measure of the Blue Devils.

Naturally, our players and supporters would have been pleased to win over such a strong opponent—since Blue Devil teams have not been in the habit of losing many games in the past eight years. It would have been an excellent start for Holson's men in their annual scalp by the "Hoosiers" early in the season. But it wasn't in the books and we haven't heard the first abid from any person who witnessed the game.

From all reports the Lawrenceburg coach and his men must be a splendid crew of athletes. The local coach remarked upon his return to Lawrenceburg that the game was "one of the cleanest teams" he'd ever sent his boys against.

On December 22 the Lawrenceburg school will send its representatives to Lake Okeechobee for a return game with our boys. It's up to us to make the visit of the players and their supporters, just as enjoyable—and more so if it is possible—as was the visit of our delegation to that town. We feel sure every person in the Lake Okeechobee region will do his part.

MAYBE 26 IS A "SIDELINE ROAD" BUT KEEP ONE EYE ON ITS TRAFFIC IN FUTURE YEARS

The Fort Myers News-Press referred editorially to State Road 26 the other day as a "sideline road." Of course, the editor was saying that the road was making an effort to carry its point that many-lane super-highways be built on the east and west coasts. It was pointed out that these super-highways might be secured if a governor saw fit to "appoint" a road board with instructions to quit fiddling around with sideline roads like that one from Miami to Lake Okeechobee and concentrate on this six-lane business."

With Road 26 completed for traffic next spring—and Road 29 from Cross-State highway 30 to Kenansville completed within a month or two—this giving a straight shot from Orlando to Miami—there may not be need for a six-lane highway either on the east coast or the west coast. Traffic through the middle of the state will increase by leaps and bounds when those connecting links are completed.

Maybe tourists are tired of the same scenery up and down the east and west coasts. Maybe they'd like the looks of thousands of acres of waving sugar cane and more thousands of acres of green vegetables for a change. There is, of course, a possibility that these folks from the north might like to take a look at Lake Okeechobee. Maybe they'd like to see first hand the marvelous engineering projects completed by Uncle Sam—such projects as the 66 mile dike around the lake—a half dozen hurricane guards the like of which will be found nowhere else in the world—mechanical marvels in themselves.

When those connecting links of highway are completed there is a possibility that tourists enroute south might be interested in seeing the sugar mill in Clewiston—the largest of its kind in the United States. Maybe they would condescend to travel a "sideline road" if it saved them a "great deal of time between Jacksonville, a real Miami and offered the many interesting sights to be found in this vast agricultural region.

Road 26 from Lake Okeechobee is a highway that will "stay put" for years to come. It will prove to a vast motorist public in future years that it is one of the connecting links in the quickest route from Jacksonville to Miami. A may-be classed as a "sideline road" now by some but coming years will vindicate the actions of the highway department in spending a vast sum of cash to construct it.

Holy day services 9:30 a. m.

TOO LATE TO CLASSIFY

By Russell Kay.

You told me you could go ahead and every yourself gray over the invasion of Poland and the European area if you want to, but if you are smart you'd get it and start fretting about the "JAVASION" of Florida that is fixin' to take place this fall and winter.

Unless I miss my guess, we are gonna have an army down here this winter that will make Mr. Hitler's look like a mere trifling army of tourists that will swarm over the state like ants over a picnic lunch—and if we don't start making plans for their reception we may find ourselves as bad off as Poland.

Fortunately we won't find it necessary to buy ourselves in the building of bomb shelters or the construction of a defense line at our border.

Instead we can erect "Welcome" signs, provide additional accommodations, and plan entertainment for these guests who come to us seeking only rest and recreation. Instead of shrapnel they'll lay down a barrage.

In many Florida cities today there is an acute house shortage and the demand for accommodations this winter will be the greatest in our history. It is a good time to get that spare room, in garage, add a sleeping porch, and fix up the house so that when your local tourist bureau or chamber of commerce calls you can say: "Sure, I've got room for 'em, send 'em over."

Each season sees marked improvement in all types of transportation, and today the matter of a trip to Florida is simple to what it used to be. Thanks to modern streamlined trains and comfortable deluxe buses, people of moderate circumstances can make the trip more comfortable and at less cost than ever before.

Florida highways, not only the Florida but throughout the country, make it possible for the motorist to make the trip much quicker and cheaper than was formerly possible. It is no trick at all to hop in a car and drive down here.

State dairies in Florida now supply milk to 115 cities.

Hardware Headquarters

well stocked with everything you'd expect to find in an up-to-date

Hardware Store

To Our Customers:

We haven't been loafing on the job this summer. We have scoured

American markets for the finest lines of hardware. Our stock this fall is

far more complete than ever before. We have everything you'd expect to

find in a good hardware store. Whatever you need to make your farming

season a success—we believe you will find it here. Then, too, we'll be glad

to make a special order for whatever little item we don't happen to have

in stock. It's just another of those services we are happy to render our customers.

LOU BETZNER, Proprietor

BETZNER In Belle Glade

"The Finest and Most Complete Stock On the Lake"

state benefits from up increased tourist trade. Reymie from the gas tax, from rating, from liquor sales, is stepped up to where every county gains and such revenue this winter should prove mighty helpful.

Another thing to think about is that each season a certain number of tourists become permanent residents. They buy or build homes here, invest in Florida enterprises and as permanent citizens assume their part of the tax burden and bear in the upbuilding of the state.

It is the duty of every citizen to cater to these visitors, extend them a genuine welcome and make them really feel at home. Whether they like or dislike the state depends upon how you and I receive and treat them.

A glad hand, a smile and courteous treatment, will make them glad they came, make them want to remain—and believe me, brother, they are well worth our cultivation.

WANTED! A NAME

For America's Newest Daily Streamlined Train

\$650 in CASH PRIZES

America's newest and smartest streamlined train will begin operating DAILY between New York and Miami on a schedule of 25 hours or less on or about December 1, 1939. It will be operated by the Atlantic Coast Line Railroad and the Florida East Coast Railway in connection with the Pennsylvania Railroad and the Richmond, Fredericksburg & Potomac Railroad. Now, in advance of the Florida Season, beginning in December, a name is wanted for this new Streamliner.

It is a contest, an "Streamliner" itself, that even a child may win. A few minutes time—a fitting name—and a brief explanation of your suggestion. That's all! Literary taste doesn't count. It's your idea that counts. Get busy now. Enter your suggestion and mail it today.

With These Hints It's Easy To Win!

BENNY CALLS

Jack Benny, calls all lovers of comedy (and music) to see him as his natural gagging self in "Man About Town." Sunday and Monday, Pahokee. Tuesday at Belle Glade.

BENNY FILM OFFERS GAGS, GALS, DANCES

The one and only Jack Benny is at his gagging best, Dorothy Lamour sings and provides romantic interest, Edward Arnold is a business tycoon who menaces Jack's romantic plans, charming Binnie Barnes provides romantic play as his neglected wife. Twenty gorgeous pretty girls parade through harem sequence, three new hit songs are sung by various members in the cast—in fact, it would take an adding machine to tabulate the attractions of the "Man About Town," the new comedy with music.

As if that weren't enough, "Itchy" making his screen debut with his radio chief, comes through with two economic ones, which are being rated as nothing short of sensational. And the world-renowned Merrie Abbott Dancers are being hailed as nothing short of amazing in the big harem sequence of the picture.

The new Benny film differs from his previous pictures in that it gives Jack a better chance to play his natural, gagging self. The story, written by Morris Ryskind, author of such screen successes as "My Man Godfrey" and "Stage Door," casts Jack as an American impresario who is laying plans for presenting his show in London.

The armoured nonsense, the farcical situations start to pile up when Jack finds that the singing star of the show, Dorothy Lamour is leaving to his orchestra leader, Phil Harris. Lacking the usual aplomb of a Casanova, Jack turns to his valet, Eddie "Rochester" Anderson, for advice. "Rochester" suggests that Jack arrange a little jealousy in Dorothy.

Jack, gagging along in his best style, manages to meet Binnie Barnes, charming lady of the English nobility, whose husband, Edward Arnold, neglects her. Eventually she invites Jack down to her country home. When Edward Arnold starts to suspect that Jack is interested in his wife, the picture hits an even faster farcical pace.

Exhibit at New York World's Fair Huge Success, Claim Florida Notables

TOTAL NUMBER OF VISITORS TO THE FLORIDA EXHIBIT TO AUGUST 31st.
3,560,000

Harold Cole, of the State Chamber of Commerce, compliments Earl Brown, head of Florida exhibit, on the success of the exhibit at the World's Fair. Mr. Cole and Mr. Brown are viewing the attendance chart, pictured on left.

State Comptroller J. M. Lee says the Florida exhibit is the best example of Florida's advantages he has ever seen. It is magnificent, says Mr. Lee.

Fred P. Cone, Governor of the State, was much impressed with the great reception the people of the country accorded the Florida exhibit. Governor Cone looks forward to a marked increase in winter visitors this year and a healthy increase in permanent residents.

Nathan Mayo, Commissioner of Agriculture, voiced enthusiasm about the beauty of the exhibit, and looks forward to seeing the state's agricultural products receiving increased interest from every section of the country.

Senator Clark, of Monticello, and Mrs. Clark were the guests of Earl Brown during their recent visit at the exhibit. The Senator and Mrs. Clark expressed great pleasure and pleased surprise at the mounting attendance figures and the intense interest of the visitors.

Carter B. Carnegie, president of the General Trust and Savings Corporation, with an exhibit at the Florida exhibit states more than 530 inquiries from persons interested in growing fruit trees in the state. The inquiries will be turned over to the state groups, and the fact that Mr. Carnegie's concern does not sell land.

Congressman "Joe" Hendricks, after spending a few days at the exhibit, expressed the opinion that Florida has won many new friends, saying that the exhibit is the best of any at the Fair, and represented Florida at its best.

Senator Andrews To Attend Market Opening

Senator Charles O. Andrews, who is attending an extra session of congress in Washington, has accepted an invitation to attend a formal opening of the State Farm Market in Pompano, November 15. It was learned Monday following a visit of Hiram Barks, general manager of the market, to Washington Saturday.

Senator Andrews expressed to Barks his interest in this market, in the realization of which he played an important part. He said he felt certain congress would furnish promptly its work on the neutrality plan advanced by President Roosevelt, and haring developments he would come to the opening.

Woman's Club Dance Has Been Postponed

The Woman's club in Pahokee had scheduled a dance for next week in the new club building, but officials of the club announced this week that the dance has been postponed because the building will not be finished. A holdup in shipment of the flooring was the reason given by club officials for the delay.

TIME IS SHORT TO GET PERMIT

Motor vehicle drivers license have been on sale at R. K. Harris' office on Main street in Belle Glade for three weeks and by Mrs. Wilda Morgan at the city hall in Pahokee. October 1st is the deadline.

Licenses will be furnished without examination to all persons not disqualified under the provisions who furnish evidence that they have previously operated a motor vehicle in a satisfactory manner for a period of not less than one year.

Revenue derived from the sale of drivers licenses, after deducting expenses, goes into a fund for the support of the state road patrol created by the Legislature.

TO BUY IRON LUNG

Contributions for an iron lung to be located in the Good Samaritan Hospital in West Palm Beach started early this week. The contributors gave freely, knowing the importance of this famous "life saver."

The larger gifts were made by the Elks Lodge, Sparks Theatres, and the Post-Times Charity Fund, Inc. All three gave a total of \$1,072.51. The Palm Beach County commission then donated the sum of \$400, and the American Legion Auxiliary gave \$10.

The lung will cost \$1600, leaving a small contribution still to be made. Those wishing to contribute should make out checks to the Good Samaritan Hospital and address it to the Palm Beach Post-Times.

Dr. Frederick R. Herper, acting head of hospital, in commenting on the drive to obtain the lung, said that since the time factor in respiratory paralysis is the difference between life and death, for the stricken patient, availability of the lung would be a great aid in saving lives.

Home After Attending Wedding

Mr. and Mrs. M. L. Albaugh and son Leroy accompanied by Mr. and Mrs. Freeman Schoenfeld and son Charles, Mr. and Mrs. John Schoenfeld returned Monday from Miami where they spent Friday to be in attendance at the wedding of Mr. Albaugh's sister, Miss Verona Albaugh to Rev. Orville Nelson of Eatonville, Fla., at the White Temple Methodist Church, Sunday, 3:30, with Dr. Glenn C. Jones officiating. Mr. Nelson has been church secretary at the White Temple Church since 1932 and was well known. The church held a reception for her Friday night and presented her with a chest of silverware. Mr. and Mrs. Nelson left for North Carolina where they spent several days. From there they will go direct to Eatonville, Fla., where Rev. Nelson will finish his last year at Garrett Biblical Institute.

Tuesday Night Club Meets

The Tuesday Night Bridge Club met at the home of Mrs. Francis Harris. Those playing were: Mrs. Ralph Freeman, Mrs. C. C. Livingston, Mrs. Charles Maynard, Mrs. I. E. Hamilton, Mrs. Robert Bass, Mrs. Ralph Tillery, Mrs. Tommy Evans, Mrs. H. Q. Waddell, Mrs. H. D. Beck, Mrs. J. H. Whitsett, Mrs. W. P. Hill.

Lawn Party For Miss Hamilton

Mrs. I. E. Hamilton entertained Monday afternoon with a lawn party in honor of her daughter, Jane's sixth birthday. Games were played and refreshments were served by Mrs. Livingston, Ann Bass, Carly Snyder, Marie Bass, Lavina Bass, Carolyn and Louise Hamilton. Mrs. Hamilton was assisted by Mrs. C. C. Livingston.

Ladies Aid In Regular Meeting

The regular missionary meeting of the Ladies Aid was held at the Community Church, Wednesday afternoon with Mrs. R. L. Bass in charge of the program. After a short devotional service of song and prayer, Mrs. Bass gave a most interesting talk on the last chapter of the Study Bible, "The Millenium." Topic was "Facing the Future Task" by E. Stanley Jones. The mile boxes were opened and a social collection taken for our Chinese Relief Woman. Mrs. J. R. Neller presided over the business meeting. Mrs. R. Y. Free was appointed chairman of the Missionary Committee on resignation of Mrs. Neller. The program committee announced that the next meeting would be in the form of a pot-luck dinner at the home of Mrs. H. A. Stollenberg, October 11. Any new ladies in our community are especially invited to come and enjoy the fellowship found in this society. Mrs. F. A. LeFils and Mrs. H. L. Hane, hostesses, served delicious sandwiches, coffee and punch to the following present: Mrs. A. F. Free, guests, Mrs. B. Y. Free, Mrs. Thomas Breger, Mrs. M. M. Sabiston, Mrs. Ralph Kidder, Mrs. W. H. Harlett, Mrs. W. P. Hill, Mrs. W. R. Hooker, Mrs. W. B. Granger, Mrs. Curtis Thompson, Mrs. J. O. Jamison, Mrs. Elizabeth Thompson.

Young Matrons Enjoy Supper

The Young Matrons Class of the Community Sunday School held a social meeting Monday night at the church. After an enjoyable pot-luck supper the evening was spent in playing games and conversation. Those present: Mrs. Thomas Breger, Mrs. I. E. Hamilton, Mrs. Robert Bass, Mrs. Ralph Kidder, Mrs. Dick LeFils, Mrs. Pat Burke, Mrs. H. H. Hart, Mrs. J. H. Neller, Mrs. F. D. Stevens, Mrs. H. L. Hane, Mrs. J. C. Doolittle, Mrs. Phil Clark, Mrs. Jack Royala, Mrs. W. P. Hill, Mrs. J. O. Jamison, Mrs. Curtis Thompson, Elizabeth Thompson.

P.T.A. Group To Name Officers

A special meeting of the nominating committee of the Belle Glade P.T.A. was held at the home of Mrs. L. W. Bartlett, Tuesday morning to nominate a president and secretary at the next elected body moved away. The names of Mrs. I. E. Hamilton for president and Mrs. Tommy Evans for secretary will be presented at the first regular meeting of the P.T.A. Oct. 12th at the school auditorium. Other officers serving this year are Mrs. F. D. Stevens, vice president, Mrs. John Wilson, treasurer, Mrs. Thomas Breger, historian.

Birthday Party For Mr. Freeman

Mrs. Ralph Freeman entertained a few friends with a surprise birthday party in honor of her husband Monday night. The evening was spent in playing bridge. Those who played were: Mr. and Mrs. W. B. Granger, Mr. and Mrs. Joe Freeman and Mr. and Mrs. Luther Jones.

Mrs. H. L. Hane and daughter Ernestine Faulke spent Friday and Saturday in Sarasota.

Mr. W. J. White is a patient in the Everglades Memorial Hospital at Pahokee.

Christian Educational Week was observed by the Community Methodist Church School Council with a planned pot-luck supper at the church Tuesday night. After the supper Rev. W. R. Hooker, superintendent of the school, explained the graduation course used in all elementary grades. Teachers were named for the winter and were asked to have a substitute for their classes. Several plans were named: (1) to have two hundred in Sunday School by Christmas, (2) to begin Sunday School on time, closing at 10:55, (3) continue to sponsor Daily Vacation Bible School. Rev. Jameson gave a talk on the importance of teaching in the church school. Promotion will take place Sunday which is Robert Day and one new junior class of boys will be formed with Kelly Jones as teacher.

**Picked Up
Around Town**

The Pahokee football squad meets Tuesday night, 8 p. m., at the home of Mrs. M. M. Sabiston. Looks like there was some improvement done about that had piece of rust in front of the squad and let's hope they keep up the good work and repair some other bad stretches, too. The new bridge will be ready in six weeks time. The Ortona locks are full of tarpon. If the European war means anything to tourists this winter, we will have to move out to the garage to make room for them. Florida business men expect the state to be packed from stem to stern. Sugar production and income reached a new high for last year, ending the fiscal year of 1939 in June. Peter Muller, Jr., came down from Lakeland to spend the week-end with his family. Mrs. White, wife of Dr. W. J. White of Belle Glade, has been seriously ill in Pahokee hospital since June. However, she has taken a turn for the better and is improving nicely. Mr. and Mrs. J. C. Doolittle and their daughter are here from Pahokee to reside. It has been said that 98 per cent of the American people like to live in Florida. It was charged with murder and convicted in Greenup, Ky., was set free because one of the jurors signed the verdict on the wrong line. The Baptist Church in O'Fallon, Ill., advertised for 100 members "lost, strayed, or straggling."

Dobbs Ferry, N.Y., volunteer fireman resigned after 20 years service, during which time he attended only one fire, and that was at his own home. WPA workers will be forced to certify their need for work every six months, henceforth. Only a few days left for drivers licenses. The county total so far is only 15,000 sold, with 29,000 still minus. Have you paid your State and County occupational and beverage license? The 29 outbreak of infantile paralysis is subsiding throughout the nation. The Good Samaritan Hospital in West Palm Beach has just acquired an "iron lung." R. L. Bass is now in New York, will return in a few days. The new town officials were guests last night of the Rotary Club. The level project is expected to start much sooner than expected. Pahokee is now taking bids on a new police car. Both Green families and Clyde Miller of South Bay have gone on a trip to Alabama.

Western Union Has 19 Clocks in Town

The Western Union office reported the installation of several new clocks in most restaurants, shops and garages in Belle Glade. It should be easy for anyone to tell time these days with clocks playing you in the face everywhere you go. The tourists will no doubt appreciate the extended kindness of shop keepers here.

The following places have installed Western Union clocks: Dardier's Pharmacy, Kilgore Seed Co., Dr. Wm. Buck, A. E. Kirchman Oil Co., Belle Glade Restaurant, Best In Town Cafe, Leonard's, Kory Corner, Simmons Electric, Lutz Pharmacy, Rainbo Store, Independent Market, J. W. Washley, Pioneer Grocery Inc., Lord Packing Co., Gurkin Barber Shop, Independent Publishing Co., Center Diner, and D. F. Crosby. The last three names now waiting on clocks.
